Real battle will be over Lha-cha

POLITICAL COMMENT

By Tim Lincecum

As the world watches the unfolding drama in Tibet, it's easy to get caught up in the headlines. The Chinese government's crackdown on the Dalai Lama's 60th birthday celebrations is a clear violation of human rights. But the real battle will be over Lha-cha, the Tibetan capital, which is the heart of the Tibetan people's struggle for freedom.

As a young adult, I remember the feeling of being overwhelmed by the world. It's a feeling that I think many of us have experienced at one point or another. The world is so big and so complex, and it can be so easy to feel like you're just a small speck in the universe. But I think that's exactly what we need to remember: that we are all part of something much bigger than ourselves.

Wellness gifts for Christmas

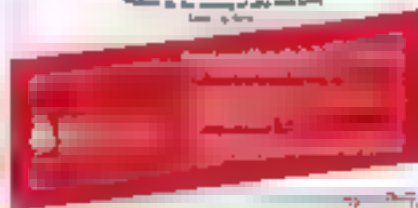

And a great gift for a health-conscious person is a pedometer. It's a small device that counts the number of steps you take during the day.

By Healy's

I have a pedometer that counts the number of steps I take during the day. It's a small device that counts the number of steps you take during the day.

Reduce the stress of daily work with a pedometer.

Nestlé

A lifetime of quality goes into every cup of NESCAFÉ coffee. Since 1938, we have been making the perfect cup of coffee for all occasions, and we want to keep it that way.

That's why another NESCAFÉ product will never give the kind of quality that comes with the original.

That's also why we're still the world's most popular coffee.

It's something we at NESCAFÉ are very proud of. We assure you that we shall take the necessary action to maintain the true spirit of enjoyment of our much-loved NESCAFÉ brand.

There is no assurance that we will continue to give you the finest NESCAFÉ products for your personal pleasure and enjoyment. In that you may continue to enjoy only the genuine product of the man.
